

# Every Marriage and Priest Deserve... ...a Worldwide Marriage Encounter Weekend.

## What is a Worldwide Marriage Encounter Weekend?

The Worldwide Marriage Encounter Weekend is a positive and personal experience offering married couples and priests the opportunity to learn a technique of loving communication that they can use for the rest of their lives. It is a chance to look deeply into their relationship with each other and with God. It is a time to share their feelings, hopes and dreams.

The emphasis of the Worldwide Marriage Encounter Weekend is on communication. The weekend provides a conducive environment for couples and priests to spend time, away from the distractions and tensions of everyday life, while encouraging them to focus on each other and their vocation.

## What happens on a Worldwide Marriage Encounter Weekend?

Worldwide Marriage Encounter is unique in that a series of presentations is given by a team of Catholic couples and a priest. The weekend is open to couples of all faiths as well. Each presentation allows you to look at yourself as an individual, and then to look at your relationship to those with whom you live and work and to whom you minister. Finally, you are led to look at your relationship with God, the Church as a whole, and the world. Married couples view all these relationships in terms of their own vocation, but the principles and presentations are designed to include the priesthood and religious life as well. The atmosphere is relaxed and non-invasive. Most participants say they are hardly aware of the others in attendance.

This is a special time for you to be in peaceful surroundings, to rediscover your vocation and focus on your relationship with the people you serve for an entire weekend! Every relationship deserves that kind of attention! Simply put - it is one of the best enrichment programs offered to married couples and priest!!
